SE Uplift Board Announcement September 2011

\$46,058 in Grant Funds Available for your Neighborhood!

We are pleased to announce the availability of funds through Portland's Neighborhood Small Grants Program. Neighborhood, business and community groups will be eligible to apply for projects that help to build community, increase membership and sustain current members and volunteers.

This is the sixth year of the program and for the first time, applicants are required to partner with at least one organization on their project. Applicants are encouraged to partner with local neighborhood and business associations, businesses and community-based organizations that serve historically under-represented communities. This is a great opportunity to build new partnerships in your neighborhood!

SE Uplift is hosting a grant workshop on Thursday, September 29 from 6:30-7:30. We strongly encourage you to attend to discuss project ideas with staff. The deadline to submit applications is Tuesday, November 1 by 2PM. Applications can be found on SE Uplift's website. To RSVP for the grant workshop or for more info, contact Kristen Hagstrom at kristen@southeastuplift.org or [503-232-0010x319](tel:503-232-0010x319).

Communications Funds 2011-2012

Communications funds will be available for neighborhood associations on September 26, 2011. Each year, SE Uplift strives to create an effective process that ensures accurate fund reporting as well as cross-coalition idea sharing.

Instead of requiring neighborhoods to submit a proposal – this year, SE Uplift will require a face-to-face meeting with a communications representative from your neighborhood association (committee or board member) in order to be eligible for the funds.

On Monday, September 26th from 6 to 8PM, SE Uplift will be hosting a Communications Forum. During the forum, tools and ideas regarding outreach and communications best practices will be shared. At the conclusion of the forum, SE Uplift will provide neighborhood communications checks to the neighborhood representative in attendance.

We strongly encourage your neighborhood to designate one to three representatives to attend the September 26th forum. This is an excellent opportunity for your neighborhood to connect with other communications people in the coalition with the potential of gaining new tools and ideas. If your neighborhood is not able to send a representative to the forum, you will need to schedule a meeting with Communications Program Manager, Blythe Pavlik, to obtain your NAs communications funds.

Please R.S.V.P. by Friday, September 23, 2011.
