United Neighborhood for Reform Resolution

A brief discussion considering the support of the United Neighborhood for Reform (UNR) resolution ensued and the group voted unanimously to support the measure. Members were particularly supportive of measures to protect Portland residents from lead, asbestos, and other contaminants resulting from demolition/development by requiring surveys for these materials and an approved plan for lawful removal and disposal before issuance of demolition permit.

It was determined that Lisa would send out the email to the UNR Committee and that Chris would follow up with the minutes.
