Guests Present: Kim Travis, Donna D. Smith, Rita Lynn, Ronelle Coburn, Celestina DiMauro, Laura Berg, and Dolores Julien.

1. Introductions

2. Police Report: Luke Straight reports as follows:

   Personnel news:

   Ryan Burdick is the new operations director, he’s here to be introduced!

   New recruits: Colton Anderson and Melissa Campos are both doing very well out on their own. There was a 3rd recruit who left in the final stages of training, which was a very hard decision. There is open recruitment going on to fill this role and the position of a recently retired officer. New system for this being utilized – National Testing Network – creates a wider net for recruitment. They intend to re-evaluate if this is a better method for recruitment at the end of the year.

   K-9: Exchanged the former K-9 (Beau) through the company where purchased, at the end of the warranty. It was clear to all that it was not a good fit and he was never going to meet the criteria required. Officer/trainer (Clara) went to California to select a new dog (an 18-month old Czech mal Shepard mix). This was a very emotional decision and it sets the officers back a little, but they are confident that this was a good idea in the long run. New dog is working with trainers and Clara and doing great! Pictures posted on social media.

Questions from community:
Robo-call scams: There really isn’t a great person to tell about this because the source isn’t local. Good reminder that this is never how the police or law enforcement will contact you. There is a state fraud line available.

Who to call when there is someone clearly experiencing a mental health crisis: When it is clear that there is no present issue, the non-emergency number is appropriate (503-786-7500). The call will be answered within a few rings by a live dispatcher, likely going to be the same person as the emergency number (don’t feel bad about using either non-emergency number or 911).

Police first response will be to ask what’s going on and see how they are functioning, get a feel for situation and what their needs might be, and see if there are social services that may be appropriate/if there are any safety concerns for the person or the public.

Children Bikers without lights, are there any reach out events related to this? Bike safety month, and there is constant outreach. Fire department also does an outreach month. Bike aggressively and make sure kids have lights!

Harvey Street: cars have been going very fast (40-50 mph), particularly around 3-4 p.m., wondering if there is a way to slow down or count traffic: Police will request some additional traffic cops and enforcement at this area – you can also always call non-emergency or business line to report this information and get more involvement. The police motorcycle is back on the roads looking for traffic violations.

3. Milwaukie Comprehensive Plan Update (Kim Travis) – Kim is the chair of the Milwaukie Planning Commission. The Comprehensive Plan is a 2-year process where you go through each goal and evaluate it and then turn it in to code and city planning. They’ve been meeting twice per month to create a good plan (2nd and 4th Tuesday of each month).
Comprehensive Plan is far more broad than specific issues, or specific sidewalks. The Comprehensive Plan will look at all the goals the city has and how to develop them into the overall plan. Comprehensive Plan is not specific as to timeline or expense. No decisions are being made from the Plan, it is a high level goals and directions that gets refined through additional processes.

*To learn more about the Comprehensive Plan go to the open house on October 23, 2019 at the Milwaukie Public Safety Building (on Harrison), stop by anytime from 5:30 to 7:30 because there will be a lot of people there to answer questions. Also visit the website: [www.milwaukieplan.com](http://www.milwaukieplan.com)*

The public hearing to adopt the plan is tentatively scheduled for December 10, 2019.

4. **Committee Reports**
   a. **Chair** – No report
   
   b. **Vice-chair** - He’s out making Halloween!
   
   c. **Secretary**: No Report
   
   d. **Webmaster**: See attached email. Main issue is continuing to pay for the new website – do we want to buy one year or multiple years.? TDB by November
   
   e. **Treasurer**: $3,423.78 current account total. Grant deposited from the city in August. The concert cost was $2,800 for all costs, which was significantly less than projected. Good fundraising from local business in the amount of about $2,000. There’s only 4 Thursdays in August so it won’t be as expensive next year!
   
   f. **Land Use**: There are some variance requests that are coming in on 32nd street. The Spring Water Trail – worked with city of Portland to mitigate some developments on the trail a few years ago, but this
time no such luck, new developments coming and they don’t need a variance to put the development in.

g. **Southeast Uplift**: New changes coming to the Portland City Code regarding how NDAs are dealt with. The proposal is to remove “NDA” language that specifically includes the associations. Suppose to go to City in August, but now going in November. A rapidly evolving situation, but all neighborhoods are so far voting no. General idea seems to be that the new code is aspirational and very broad, and there are arguments on both sides. New and old code are both attached to minutes. Important for our neighborhood to vote and express a voice on the issue to Southeast Uplift.

The essential argument for removing the NDA language is that people express community through groups other than NDAs, and some people might not identify with a specific neighborhood, or geographic area, and some people have been pushed out of their neighborhood.

The essential argument against is they are trying to eliminate NDAs from the code and release the city from all responsibility to neighborhoods. NDAs make it harder for the city and by eliminating the requirement that the city send information to anyone, it is easier for them to slide through certain projects.

Abby has a conflicting meeting for SE Uplift (first Monday of the month), so if someone wants to step up for this position that would be great.

We will see if we can link the articles for and against this on the website.

h. **Transportation**: Elvis is doing counts on the Monroe traffic problem, and he thinks the projected counts are lower than what is occurring (he went during morning commute). Freight train causes additional
problems. He’s going to do more counts, and report to the city manager.

Hillside traffic analysis – doesn’t think there have been enough investigating on all the intersections. Relying on traffic date book and ODOT.

i. **Public Safety Advisory Committee:** South Downtown utility work and 3 bids out for construction. Not known what is going on Lewelling, where there is suppose to be a sidewalk.

j. **Membership:** No update, but curious if our neighbors at the Hillside houses know what’s going on and it seems like the answer seems to be no. Think about having a meeting at the community room there.

k. **Art:** No report.

l. **Balfour Street Park:** expect a plant sale this spring!

m. **Ardenwald PTO:** Wake, 39th and Omark, are being repaved. They are fencing in the park at the Elementary school, so the kids can use during school hours. Notice indicates will be locked during school hours and unlocked other hours. Two fundraisers coming up. Bingo Night October 25th (Halloween dress up and Bingo!)

5. **City Report:** Matt is going to chat to webmaster about sending the email he gets, rather than him reading it, it’s a very informational email. At a minimum we will link it on the website (hopefully).

6. **Additional Items & Public Comments**

   **Halloween Event:** Rebecca - troop leader for local girl scouts 10283 planning a Halloween Haunted House! The event will “scare your socks off!” There are two sides, a not-scary side and a scary side, and a pumpkin eating contest with the goats in the backyard. Event is Halloween night from 12:00
p.m. to 8:00 p.m. (an in service day for Clackamas schools). Bring socks for donation!

Parking across the street/new fence: Matt Rinker believes possibly EPA cleared them to move forward with someone, but no one seems to know what yet.

7. **Approve June Meeting Minutes**: Erin made a Motion to approve, seconded and approved!

8. **Adjournment**: 7:57 p.m.

The next meeting is Monday, October 28th

**COSTIMES OPTIONAL BUT ENCOURAGED!!**

Thank you for coming!
Hello AJC Board,

Webhost Renewal

For my webmaster report for September 23, 2019, we need to look at our NDA renewal options. The Ardenwald.org website expires January 1, 2020. We need to consider renewing for 1-year, 2-year, or 3-year term, if we wish to continue the website. Hopefully we have a decision by November 2019's meeting.

Cost includes hosting plus $15.99 per year domain name registration.

- 1 year: $171.87
- 2 year: $319.74 (savings $12 per year)
- 3 year: $385.64 (savings $24 per year)

Email List and Social Media

There has been a small uptick in new email list subscribers and social media followers.

Other Comments

Over the summer I've had a few instances where there last-second announcements that needed to be posted to our website and email distribution. Unfortunately, some requests have happened while I was at work and cannot get to until the next day; which ended up being on the day of the event. We should try to aim for at least a 72-hour deadline for email list and website publishing, except emergency meeting which requires a minimum of 24 hour notification.

Have a great rest of the day!

Thank you,

Bryan Dorr
Webmaster

3.96.010 Definitions

As used in this Chapter, the following terms have the meanings given them in this Section.

A. "Director" means the Director of the Office of Community and Civic Life.

B. "Office" means the Office of Community and Civic Life.
3.96.020 Creation, Organization and Purpose

A. This chapter establishes the Office of Community & Civic Life and sets out its functions, duties, and responsibilities to serve, respond, and adapt to the needs, aspirations, and opportunities of its evolving communities. This chapter outlines the basis for the role of civic engagement in creating an inclusive city in which each of us can contribute and belong. The Office consists of a Director and such other employees as the Council may provide.

B. The Office serves people who live, play, worship, and work in the City as individuals and through all forms of groups, including but not limited to affinity-, business-, community-, identity-, issue-, and neighborhood-based groups, and across generations. This chapter directs the Office to effectively engage Portland communities in civic engagement and work together to deliver more just and equitable outcomes.

C. The City is a welcoming, inclusive, sanctuary city. Through this code, the City and the Office commit to racial, Disability, and social justice within a multicultural, intergenerational, and ever-changing environment.

D. Civic engagement encompasses all the ways by which we participate in this form of democracy. The origins of our democracy include colonialism, white supremacy, and economic exploitation, as well as native sovereignty and the striving for self-determination by all communities. These origins continue to shape our assumptions, institutions, and practices. The Office’s purpose is to support civic engagement as a powerful way to expose assumptions reflecting historical origins and rebuild our government institutions and practices to be more fair, just, and in service of all Portlanders.

3.96.030 Director’s Duties and Responsibilities

The Director reports to the Commissioner in Charge. The duties of the Director include, but are not limited to:

A. Overall administration of the Office and supervision of its staff;

B. Implementing the policy directives of the City Council and the Commissioner in Charge;
C. Proposing policies and practices to achieve the purpose of the Office and adopting procedures and forms to assist in implementing City policies.

3.96.040 Responsibilities for Engagement with People and Communities

The Office engages with people and communities to:

A. Administer, assess, and report on the impact of programs and services as directed by City Council and approved through the budgeting process.

B. Connect people and communities with their government and facilitate exchanges through programs and partnerships that are responsive, at times iterative, accountable to community concerns, and reflect an equitable distribution of public resources.

C. Seek out, learn from, and engage a diverse range of community partners to support and implement community-responsive practices for civic engagement.

D. Compile and disseminate voluntary guidelines on emerging, culturally-empowering, data-informed, and promising practices for community and civic engagement to community and government entities.

E. Support and connect the social, organizational, and physical infrastructure for community members working with each other and with government.

F. Develop and implement learning opportunities that focus on culturally-empowering civic engagement through community-based partnerships. These learning opportunities should address a shared understanding of City functions, pathways to engage with the City of Portland, opportunities for participation and engagement, technical assistance and training, and the capacity to develop and influence policy.

G. Collaborate with government partners in defining, planning, and implementing efforts that affect the distribution of public resources and the livability of communities by balancing needs and public resources through an ongoing assessment that focuses on delivering more just and more equitable outcomes.

H. Lead by example and advocate for government to collaborate with community wisdom, knowledge, lived experiences, and public resources to create efficiencies and effectiveness that bring communities together around common goals and concerns.
3.96.050 Responsibilities for Engagement with City Bureaus and Government Partners

The Office supports city Bureaus and engages with other government jurisdictions in their community and civic engagement efforts to:

A. Develop programmatic, bureau, and citywide capacity to critically examine assumptions underlying community and civic engagement practices and analyze who benefits and is burdened as a result of decision-making processes.

B. Redirect public resources to reduce systematic barriers to community and civic engagement.

C. Reduce disparities and deliver equitable outcomes in agency practices and services through culturally-empowering models of community engagement.

D. Implement policies and practices that recognize the historical exclusions of marginalized and underrepresented communities and that honor the leadership structures of those communities.

E. Develop collaborative forums of learning that promote integration of emerging, culturally empowering, and promising practices in community and civic engagement by each jurisdiction.

F. Collectively and continually adapt to the ongoing evolution of community, identity, and place and recognize the critical relationship of community to their government in producing disparate outcomes and systematic exclusion.

3.96.060 Recognized Organizations Referenced in Other City Code

For the purposes of recognizing organizations as identified in other sections of city code, the Director must adopt a list of recognized organizations by administrative rule, including but not limited to neighborhood associations, district coalitions, business district associations, and diverse and civic leadership partners existing on the effective date of this code chapter. Addition or deletion of an organization from the list must be made by Council ordinance.
