ADVERTISING POLICY

The Ardenwald News, together with the Community Club, is dedicated to the welfare and service of the Ardenwald community. To this end, the directors of the club, which publishes this community paper, has adopted a policy designed to be to the best interests of the people of this area as well as the advertisers in the paper.

The paper is distributed free to the area comprising Ardenwald and advertisers are assured that their advertisement is receiving proper circulation. Advertising is solicited and accepted only on the basis that the advertiser receives his money's worth, and the people of the district are made acquainted with the businesses and services available. Advertising offered under any other conditions is not solicited.

**First Fall Meeting Sept. 7
 School Cafeteria**

With the opening of school comes the first fall meeting of the Ardenwald Community Club.

There are several projects on the schedule for the fall and winter program. With the large number of members taken in thru the Kiddies Parade Queen contest, we hope to start off our fall season with renewed interest.

The program for the first meeting, Thursday, September 7th at 8:00 P. M. in the school cafeteria, calls for reports from all our various committees including progress on the sewer project, the building of our Club House, etc.. We also expect to have Mr. Jones of the Milwaukie Area Civilian Defense Committee give us a report on what part the Community Club can play in the Civilian Defense program. The entertainment committee is working on a short musical program for our enjoyment, and refreshments will be served.

Our Community Club is for *Everyone* in the community, not just a selected few. We hope you will come whether you are a member or not. A program of community betterment is not of much

value without the interest and ideas of the whole community. The more people who turn out and take an interest in the affairs of our community, the better place Ardenwald will be for all of us.

Reo Coats, *President*

Scout Troop 147

Twelve boys of Scout Troop 147 went to Camp Meriweather for a week. Mr. Reiger stayed at camp with them.

From all reports the food was excellent and most of the boys gained weight.

The following boys went:

Rickey Meyers, Harry Howell, Richard Kivi, Bob White, Dick White, Phil Rieger, Frederick Rieger, Charles Michael, Carl Shantz, David Misner, Sandy Swan and Bobby Roylance.

We are looking forward next year, to more of the parents attending, since it is for the family too, and the charge for parents is very small.

Scoutmaster Walter Meyers.

Mrs. Carol Reiser Baer was the honored guest at a stork shower Friday afternoon, August 18th, at the home of Mrs. Allan Wilkinson. Despite the heat, the party was well attended and a nice time was enjoyed. Carol received a lovely buggy and bathinette.

Other recent hostesses having showers for her were Mrs. Dorothy Goertzen, who entertained the Milwaukie Grammar School faculty at her home in Carol's honor; Mrs. Robert Jacques, who invited Carol's closest girl friends while in school. On Monday, August 21, Carol's Horizon Club, of which she is leader, surprised her with a shower, at which Patty Read was hostess.

All the showers were very lovely and many nice gifts were received.

Garden Club Meeting

The Ardenwald Garden Club will meet at the home of Mrs. O. F. Baer, 3326 S. E. Roswell St., September 14th at 12:30. The program is Chrysanthemums and the chairman is Mrs. Benson.

We slipped up—er - that is—we slept in Sunday morning and missed the Ardenwald Community Church broadcast. It was at 8:30 and how the entire choir, accompanied by Gertrude Higby and directed by Josephine Tichenor, made it clear down town at that hour is a wonder.

Rev. Noyes participated in the program and we have no doubt it was among the nicest in the series of church broadcasts.

The Barretts meant to record the program if their radio cooperated. Maybe we can still hear it.

After the broadcast, they all met at Tichenors' where George had their breakfast waiting for them.

Mrs. Laura Carlson and children spent a few days recently at the home of Mr. and Mrs. Hamburg on Roswell Street. She is selling her home in Phoenix after the tragic death of her husband and will locate in Portland.

September 25

Teachers' Institute.

Once again, the P.-T.A. at the Ardenwald School wishes to remind everyone of the P.-T.A. paper drive.

The drive, announced in the last issue of the *Ardenwald News*, began then and closes on the last of October.

One change in the rules has been made. Besides all students of the Ardenwald school being eligible to participate in the contest, the committee has opened the contest to all girls and boys who belong to any organization sponsored by the Ardenwald P.-T.A. Junior Hi and High school students take note.

At the opening of school, all students will be given more information on the drive.

And again, the committee asks everyone with spare storage space for the paper to call Don Earl, Sunset 8287.

Don Earl, *Chairman*

Beware!

Her chariot raced

at 80 per

they hauled away

what had

Ben Hur.

A Burma Shave, of course

That reminds us, be sure you observe the marked school crossings on our local streets. And with wet slippery weather ahead it is to everyone's advantage to get used to observing the 20 miles per hour limit on 32nd Street.

The Geils did have a vacation, even though it was early. They went from here to Salt Lake City, on thru Wyoming, visited the Black Hills of South Dakota, the Bad Lands of both North and South Dakota, back through Montana and Yellowstone. They have many snap shots to prove their story and think they have pictures of every bear in the park.

Mr. G. C. Hilken, Superintendent of Sunday School in the Calvary Lutheran Church, and his family live at 3813 S. E. Roswell Street now, to be closer to his work at the International Harvester Co. on the Super Highway. He has been in their employ for 28 years.

We are happy, but almost afraid to say, that the Days have decided not to sell and will be with us this winter. Don't make fibbers out of us in the next few weeks now, folks.

Belated Thanks

In last months edition of the *Ardenwald News*, we were fortunate to have a large cut of the Queen candidates for the Kiddies Parade, which is slated for the 16th of September. We would like to express our sincere thanks to Robert Milleren of Portland, who came out from his home on the North side to take several pictures of the Queen candidates and also to Bud Richmond, who very kindly made the excellent cut for us. It was a fine job by both of these gentlemen and we certainly do appreciate it. Thanks, Bob and Bud.

Pat Hanson, formerly of Ardenwald, has received his draft call already. Pat was recently married in the Sellwood Baptist Church to Charlotte Bodine of Kellogg Park. He has passed his examination and leaves for training on September 7th.

An Atomic Bomb

It seems rather odd to attempt to write an article for the *Ardenwald News* about such a tremendous subject as an Atomic Bomb, but these are odd times and uncertain ones too. We used to be able to rely on our isolated geographical position to protect us from our enemies, but these days of world-girdling planes and ocean crossing submarines it is no longer possible to feel safe and secure in this wonderful country of ours.

Whether or not the Portland area would ever be subjected to an atomic blast is not for me to conjecture on, but we all know that if it did happen, many lives would be saved if we were prepared.

About three or four weeks ago, the Civilian Defense group for the Milwaukie area, which takes in the Fire District to which we belong, sponsored an open meeting at the Milwaukie High School on the subject of the Atomic Bomb. Present at the meeting were the chairman, John W. Jones of the Milwaukie Civil Defense group, his many aides in the Civilian Defense set-up, Leslie Peake of the Clackamas County Red Cross and Drs. Parker and Livcrmore from Reed College.

The meeting was advertised in the Milwaukie paper, over KGON, by hand bills given out by the stores and by word of mouth. Two of the men from Reed College, Dr. Parker and Dr. Livcrmore, who had been instrumental in the recent tests and instructions held there, were the guest speakers. Only about 10% of the available seats were filled. Does that indicate that people are not interested in this subject or believe that we could not possibly have anything like that happen here? I don't think so. But I don't understand why more people were not there.

My wife and I came away from the meeting with a small feeling of relief, even though the overall picture was appalling, because we understood a little more about the bomb and its effects.

Since then, the August 21st issue of *Time* magazine has carried a double page spread taken from a publication "The Effects of Atomic Weapons" put out by the Atomic Energy Commission and the Defense Department, and *Life* magazine of the August 28th features several pages on the bomb.

According to the men from Reed College, we would be safe in this area from a blast in downtown Portland, if we had time to get down in our basements and lie on the floor as close as possible to the north wall, in a room with no windows. *Time* magazine says that slight damage (plaster and glass) will occur up to 8 miles from the center of the blast. This is for a bomb exploded 2,000 feet high as were the ones at Hir-

oshima and Nagasaki.

It is reported that at Hiroshima, 70,000 people were killed and another 70,000 injured. One of the Reed College men told us that at Hiroshima, an air raid alarm had been sounded and then the "all clear" had been given when only a single American plane was observed flying over. Many people were out in the streets on their way to work on this morning when the bomb fell. Probably if they had remained in the bomb shelters, many would not have been killed.

What if it should happen here? Would we know what part to play in the chaos which would follow, etc.? Not if we do not try to keep ourselves informed and join in Civilian Defense activities.

Can we afford to stick our heads in the sand and say "It won't happen here?" I don't think so, do you?

The Robert Whites on 39th St. had company visiting for a week. A sister and family from Anaconda, Montana, were here.

A Kitten?

Can you give a darling little kitten a good home? If so, call SU. 4180.

Mr. and Mrs. C. A. Schoenheinz entertained her brother from Dubuque, Iowa, for two weeks recently. It was their first visit in thirty-one years. Many trips were planned for him during his stay here and numerous family gatherings. Mrs. Schoenheinz and her brother noticed a few changes in the time since they had last seen each other. We all hope it won't be so long again.

Rules to Help Keep Kids Alive

A recent Portland paper carried this list of rules as a proposed measure to increase the safety of the many young bicycle riders in the city. While we are not in the city, these same rules should apply to our children's safety as well.

If you post them in some convenient spot in your home, at least your youngsters will know you didn't make up the various restrictions on the spur of the moment, just to "spoil their fun."

1. Obey all traffic signs and regulations.
2. Keep to the right side of the thoroughfare in the lane for slower vehicles.
3. Ride single file at a safe distance behind the vehicle ahead.
4. Stop to see that sidewalks or streets are clear before riding out of alleys or driveways or from behind parked cars.
5. Dismount and walk bike across heavily traveled streets.
6. Signal for turns.
7. Carry parcels or books in a basket or luggage carrier.
8. Do not carry passengers.
9. Do not hitch onto other vehicles.
10. Do not do any "stunt" riding.
11. Have a white light on front for night driving, a red light or reflector in rear. Wear white or light colored clothing at night.
12. Keep bike in good condition.
13. Park bike in a safe and proper place, standing upright.

An Active Member?

- Are you an active member,
the kind that would be missed,
Or are you just contented that your
name is on the list?
Do you attend the meetings and
mingle with the flock,
Or do you stay at home and criticize
and knock?
Do you take an active part to help
the work along,
Or are you satisfied to be the kind
to "just belong?"
Do you work on committees to see
there is no trick,
Or leave the work to just a few
and talk about the clique?
So come to the meetings often,
and help with hand and heart,
Don't be just a member,
but take an active part.

—Anon.

Are you an active member or do you
just belong?

Oatmeal Cookies

- 1 cup sugar
- ½ cup shortening
- 6 T hot raisin juice
- 2 eggs
- 2 cups flour
- 1 cup rolled oats
- 1 cup raisins
- 1 ripe mashed banana
- 1 t soda
- ¼ t salt
- 1 t vanilla
- 1 cup nuts optional

Mix sugar, shortening, hot raisin juice, eggs. Add rolled oats, raisins, banana. Sift flour, salt, soda, add slowly. Stir in vanilla. Drop by teaspoon on cookie sheet. Bake at 350 degrees for 12 minutes.

Mrs. Mason and Vera, Mrs. Evans and Margaret of Ardenwald, Miss Bettie Oleson of Milwaukie and Mrs. Irene Steele of Southern Oregon spent a recent weekend at Mt. Rainier. The hills were abloom with beautiful flowers and the weather was perfect. On the return trip, they spent some time at the State Capital at Olympia, listening to the organ music and joined a tour of the building.

Mr. and Mrs. Ray Hamilton and son Gary left Saturday, August 19th for Long Beach, California, to bring back their daughters Diane and Vickey, who have been visiting the last 2 months with their Grandparents, Mr. and Mrs. Thomas. The Hamiltons also took Marjorie Hayden along and she will visit her Grandparents till time for school to start.

Margy Heyden, daughter of the proprietor of the 41st Street Grocery, is visiting relatives in Los Angeles.

The Grafts spent a very pleasant 3 day weekend in Seattle, visiting friends they knew as newlyweds and fellow radio hams in Eugene. The Miller's two children and the visiting three (and the grown ups, too) enjoyed watching the boats go thru the locks, the water skiing, television and airplanes.

Couples Club

The Couples Club of the Ardenwald Church spent a very pleasant evening at the Leo Merrill home on Olson, August 5th.

Hmmmm—the home made ice cream was delicious, as were the delicate cakes brought by the ladies.

The men had fun playing golf, soft ball and visited as much or more than the ladies, until dusk. After refreshments, the meeting was called by our newly elected President and Vice-President, Mr. and Mrs. Harold Barrett. Plans for a float, to be used in the Kiddies Parade the second week in September, were discussed, a date set for the first get-together of the men folk to try their skill as workmen. Those who came enjoyed planning and fixing, and things are well under way now.

All the men are invited to take part in this work and will be most welcome to come and give advice on the work or help finish the project at 9535 S. E. 29th.

The next meeting, September 9th, may be a 'Chinese Dinner. We would like to hear from all who will say you will come, or make suggestions for something else. Phone SUNset 4480.

The Adolph Reisers and Carl Reisers were pleasantly surprised by an unexpected visit from their son and brother, John Reiser of West Allis, Wisconsin. He flew out here July 30th and left August 6th.

On August 11, Mr. and Mrs. Adolph Reiser were surprised again by Wisconsin visitors. Mr. and Mrs. G. Schmidt and son Arthur, drove in from Kenosha, Wisconsin, "the Reiser's old home town." They hadn't seen each other for 30 years, so a lot of years were covered in those 2 days before the Schmidts left for yellowstone on their way home.

Mrs. Laura Carlson and children, Jean, Vickie and Jimmie, formerly of Phoenix, Arizona, and now living in Condon, Oregon, were visitors at the Wm. Hamburg home last week, while buying a home in Portland. They expect to move here before school starts. There also is another daughter, Marianne. Mrs. Carlson will be remembered by a lot of Ardenwald People as living on Roswell St. several years ago. Mr. Carlson passed away in June in Phoenix.

Carl Reiser, son Paul and Jerry Albright spent 2 weeks at the "Bar 49 Ranch" in St. Helena, Calif., last month. Carl was a counselor at the camp. He's decided his own two children are enough to handle on a two week vacation.

Civilian Defense

In view of the present nationwide emergency in connection with Civil Defense, we would like to present the following information to the people of Ardenwald about the Civil Defense set-up in this area.

Louis Starr of Portland is the Oregon Area Civilian Defense Director appointed by the Governor. The Clackamas County Court appointed the County Sheriff to head the organizing of Civilian Defense Units in Clackamas County and he in turn asked Milwaukie to set up a Unit. The Unit was set up and it was found that to make an efficient unit, an area larger than just Milwaukie would have to be set up.

The designated area which includes Ardenwald is the Rural Fire Protection District. Since the main populated section in the area is Milwaukie, and as the fire fighting equipment is located there, Milwaukie is the headquarters for the Civilian Defense Group.

We are fortunate to have a man available in the area who has the time and experience to head the civilian defense set up, and that person is Mr. John W. Jones of Milwaukie.

Included on Mr. Jones' staff are the following people who are assisting him in various departments: Dept. 1—Deputy Director Thomas D. Tulford, Planning, Survey, Training and Supply. Dept. 2—Deputy Director H. C. Delp, Chief of Police of Milwaukie, Police activities in Milwaukie; and Deputy Director Leo Butler, Police activities outside of Milwaukie. Dept. 3—Deputy Director I. H. Stevens, Milwaukie Fire Chief, All Fire Department activities. Dept. 4—Deputy Director Dr. George Corti, all medical activities. Dept. 5—Deputy Director Fred Sperr, Public Works, Water Dept., and Utilities. Dept. 6—Deputy Director Harry Newman, Communications. Dept. 7—Deputy Director Leonard Mullan, Transportation and Evacuation. Dept. 8—Deputy Director Leslie Peake, Red Cross Activities.

In addition, Clyde Basler is 1st Assistant Director of the area and C. H. Nickle is 2nd Assistant Director. Mrs. A. Richardson is Executive Secretary of the Civil Defense group and may be reached in the day time at Milwaukie 2-1811 or in the evening at home at EM 5977. Any inquiries about the group or information for the group may be handled directly with the Deputy Director involved or through Mrs. Richardson.

You may notice and wonder at the fact that most of these people are local Milwaukie people, but the purpose of having a Civilian defense organization is to have something set up that can function immediately in this area in case of disaster so people were chosen who would normally be in the area involved. Coordinators for the various

areas involved have been appointed to assist in carrying out the organizational work of the group and to assist in any other way. The coordinator for Ardenwald is the Fire District Commissioner for this area, Charles Renard, 8600 S. E. 32nd Street, SUNset 2172.

The Civilian Defense organization needs various people and information to make its work effective. They have asked that all nurses, home or registered, who live in this area, all X-Ray technicians and all Hospital Corps personnel, either present or past, register with Dr. George Corti, who may be reached at his business phone of Milwaukie 2-2331 or EVERgreen 1-1076 or at his home phones of Milwaukie 2-0531 or EVERgreen 1-1214. Anyone interested in the communication set up, either operating or equipment, contact Harry Newman at his business phone of Milwaukie 2-4281 or EVERgreen 1-5458 or his residence phones of Milwaukie 2-3456 or EVERgreen 1-1022. Anyone who has a station wagon or equipment that might be used as an ambulance, contact Dr. Corti at the phones listed above and Leonard Mullan at his business phone of Mil. 2-5791 or his home phone of Mil. 2-1661.

Anyone with bulldozer equipment or heavy trucks contact Leonard Mullins at the above listed phones. Anyone who might have equipment that could be used for public works such as road graders, emergency power generating units, etc. contact Fred Sperr at his business phone of Mil. 2-9156 or EV. 1-1404 or his home phone of Milwaukie 2-5487.

The Civilian Defense Staff meets every other Tuesday at the Milwaukie City Hall at 8:00 P. M. and welcomes any visitors or suggestions that might improve its efficiency and usefulness.

Mr. John W. Jones, the Director of the District, when interviewed recently by a staff correspondent of the *Ardenwald News*, made the following statement:

"I would like to express my appreciation to the Ardenwald Sheriff's Reserve and to all the people in that area who are cooperating so well with our Civilian Defense set-up. This is not a matter of local concern only. If the Civilian Defense groups are ever called into action, the well-being of the entire area will be involved and the efficiency with which they operate will depend entirely upon the knowledge they possess as to their respective duties.

"In the event of an enemy attack, chaos and calamity can only be avoided by such groups as Civil Defense, because the Military will be too busily engaged to take care of civilian evacuation if it should become necessary. Therefore, it behooves every community to join with other communities to find out what has to be done and to cooperate with their leaders to forestall calamity and disaster.

"I hope that every person who has the opportunity will take the new revised Red Cross course in First Aid and that all women physically and mentally capable will take the Red Cross Nurses Aid program of training.

"The public should bear in mind that this training offered them through Civil Defense and the Red Cross is not only beneficial in time of war, but a preparedness against disaster of any type.

"I urgently request every person who can possibly do so to donate blood to the Red Cross Blood Bank. This request is made not only for emergency use here but also due to the dire and immediate need for whole blood and its derivatives for the men now serving in Korea. May I suggest that you give your Clackamas County address when giving blood. A blood collection unit can be arranged for the Ardenwald district if enough people are interested."

Mr. Jones will appear at the next Ardenwald Community Club meeting, Sept. 7th. at the Ardenwald School, to tell us more about the Civilian Defense group and to answer questions. Remember this—the Civilian Defense organization is entirely on a voluntary basis; no one is getting paid for the work put in, so it behooves all of us to work together for our own protection.

Mr. and Mrs. Staggs of 32nd Street went to Seattle to attend a reunion recently and to meet Mrs. Staggs mother, Mrs. McKibben in order to bring her back to Ardenwald for a visit. Mrs. McKibben now resides in Wrangle, Alaska, and formerly lived on Van Waters St. in Ardenwald. She runs a variety store in Wrangle and will be leaving Seattle September 2nd to return to Alaska.

4-H Exhibitors

There was a great hustle and bustle getting ready for the Fair. Many of the young folks who entered their cakes, bread, cookies, clothing and knitting took the things to Netta Geil's home and she was more than happy to take it down. The prize winners, may there be many, will be announced in the next issue of the *Ardenwald News*.

4-H News

We would like you to know that Jerry Albright placed highest in the State on his Health poster and Elizabeth Beckam received a blue ribbon on hers.

County blue ribbon winners were Janice Richardson, Marilyn Davis and Diana Hamilton, and Jim Stell received a red ribbon on his.

Diana Hamilton rated highest girl in the County Health Habits and will be Clackamas County's representative at the State Fair as the healthiest girl.

Aren't we proud of our kids!

Mrs. Stuart DeBrissay, 3707 Filbert, and 2 sons, Stuart Jr. and Tommy, are visiting this month in Rugby, North Dakota, with Mrs. DeBrissay's sister and family.

Volunteer Firemen Wanted

In connection with the Civilian Defense organization in this area, 20 volunteer firemen from the area outside Milwaukie have been requested. This would form a unit of 40 volunteers to work with the Milwaukie Fire Department in case of any fires in the area.

The volunteers are sought throughout the entire area so that some of these trained people would be available in all of the sections of the Fire District. For Ardenwald and vicinity, any interested parties may contact Charles Renard at SUNset 1272 or Fire Chief I. H. Stevens at the Fire House in Milwaukie.

Mrs. Earl Briggs of Boardman, and daughter Nina Campbell and family of Pullman, Wash., were here in Milwaukie and Portland visiting for a week, getting acquainted with the new grandson and nephew.

The Vic Bergers, formerly of Ardenwald, have sold their house in Milwaukie and have moved to Kellogg Park. We would like to see more of these folks in Ardenwald and hope the winter activities of school and community bring them out.

To the Ardenwald Community Club—

This is a little late, but nevertheless, as the old adage goes, "better late than never."

But I do want to thank my sponsors and the Community Club for my scholarship and my wonderful trip to Camp Colten.

—Elizabeth Ann Beckham

Bud and Irene Richmond, Mrs. Lena Richmond and Mrs. Mabel Ware made a vacation journey to Yellowstone Park recently. They all had a wonderful time and enjoyed every minute of the trip.

Bud and Irene spent an additional week remodeling their cabin at Cannon Beach. Too bad vacations have to end, isn't it, Bud?

Marcella Olsen's brother, Ollie, who works in the Westinghouse Supply Bldg. in downtown Portland, happened to be back in Billings, Montana, visiting Marcella when the recent disastrous fire took place. That fire was a nice place to be away from.

Mrs. L. R. Smith of 32nd Street recently underwent treatment at St. Vincent's Hospital.

AGENCY PANTORIUM CLEANERS—If you cannot bring your things to us, then call us before noon and the driver will pick them up the same day.

Did you see the recent picture in the *Journal* of two local (well, almost) celebrities? It seems Grant and Mariel Stones found time, in spite of their six children or because of them, to become third place winners in a Portland dancing competition. Maybe when we get our Club House built—finished, that is—we can see a sample of their wares. Congratulations to you "peppy people."

Mrs. Geil will be glad to get started on her winters work at school for a rest. She has been mighty busy, these past few weeks helping her daughter move and get settled, and grooming her 4-H-ers for the State Fair.

There is "something wrong with this picture" though, since about all you see of Netta Geil all winter is her coat tails flying in one door and out the other on her busy way around the school.

Mr. and Mrs. Ortlely Plimpton entertained at a family reunion at their home recently. Many out-of-town relatives attended, including daughter Frances and family of Pendleton, and granddaughter Orleen and family from Mo-have, California.

Mr. and Mrs. William Maxwell of Portland (formerly of Ardenwald) are the proud parents of a son, William David IV.

Mr. and Mrs. Allan Wilkinson spent their 2 weeks vacation visiting friends in Idaho and seeing the wonders of Yellowstone National Park. They are still talking about the bears and all the big fish they caught.

P. S. The Carl Reisers were to join them in Yellowstone, but Carl chose to stay home in bed for 2 weeks. Too much Ranch life. He is much improved and is working a few hours a day at the office. The trouble? Stretched nerves.

Mr. and Mrs. Deney on Roswell had a very sad accident. Their three-year old son opened their car door and suffered severe head and body injuries in the fall.

We are sorry to hear of the serious accident suffered by Mrs. Rau's parents, in which her mother lost her life. The Club extends its sympathy.

Bus Bigham was in town last week to act as head linesman in the Shrine benefit All Star Football Game. We are waiting to hear more of a certain rumor we heard concerning the size of the Bigham family.

Mr. and Mrs. Ricketts and daughter Joan have returned from a trip to Texas to visit son Bob, who is in the Air Force.

Lemon and Banana Whip

1 pkg. lemon jello
1 cup diced ripe bananas
1 cup whipping cream

Dissolve jello in 1½ cups boiling water. Set aside and let cool. Just before jello begins to set, whip vigorously with a rotary beater. When frothy, fold in whipped cream and bananas. Turn into a mold and chill overnight. When ready to serve, unmold and garnish with sliced bananas and serve with cream.

September's Song— The School Bell

For the twenty-fourth time, the present Ardenwald School has been re-furnished, renovated, cleaned and waxed in preparation for the anticipated 250 youngsters who will spend the next nine months learning the three R's and how to apply them.

The schedule of activities for this year will follow very closely that of past years; registration of pupils from 9:00 until 10:15 A. M. on Tuesday, September 5th, and building meetings and general meetings for the members of the faculty. The children will arrive at 9:00 A. M., meet their teachers, receive registration blanks to be filled out, get book lists, and other information and other information, and then be excused for the balance of the day. Regular classes with assignments (ugh!) will begin on Wednesday, September 6th.

Staff members this year will include the following: Mr. Cottingham, Principal and part-time Sixth Grade; Mrs. Carper, First Grade; Mrs. Tichenor, First and Second Grades; Mrs. Geiger, Second Grade; Mrs. Perkins, Third Grade; Miss Brown, Third and Fourth Grades; Mrs. Carner, Fourth and Fifth Grades; Mrs. Ricketts, Fifth Grade; Mr. Monaghan, Sixth Grade.

Mrs. Geil and Mrs Wolf will be in charge of the cafeteria, and Mr. Soderquist will be the custodian.

All children beginning in the First Grade will be required to present a birth certificate or a baptismal record showing the date of birth. Birth certificates can be secured from the Bureau of Vital Statistics in the county where the child was born. These certificates will not be kept by the school, but will merely be noted on the registration form.

School hours will be the same as in other years: Doors will open at 8:45 A. M. School will begin at 9:00 A. M. Lunch hours for grades One, Two and Three will begin at 11:20 A. M. Lunch hour for grades Four, Five and Six will begin at 12:00 M. Classes will resume for the three lower grades at 12:30 P.M. and for the three upper grades at 12:45 Grades One and Two will be dismissed at 2:30, grade Three at 3:00, and the others at 3:30 P. M.

For further information regarding the opening of the school, Mr. Cottingham can be reached by telephone at SUnset 8636.

Workbooks can be purchased locally at Aunt Esther's confectionery store on the corner of 32nd and Floss.

School Lunches

At the eating of the head cooks of Milwaukie School District No. 1, with Mr. Ickes at the Junior High on August

24th, it was decided that hot lunches would be served to our children here in Ardenwald for 15 cents, as they were last year, for the present at least. At that extremely low price, it is hoped all the children will be able to take advantage of the well planned and balanced meals. Mrs. Geil is again in charge.

School Notes

All of the Cooks, Helpers, Principals, Supt., and Jr. High office workers of School District No. 1 attended a luncheon at Damascus Dairy on Thursday, August 24th, to plan the years' cafeteria work.

We are so sorry Mary Whitehouse has found another position and will not be with us at school this year, but we certainly wish her the best of luck in her new work.

Mrs. Wolfe of Rockwood Avenue will take her place as assistant to Mrs. Geil.

Mrs. Adolph Reiser suffered a heart attack while in church a few weeks ago, but is much improved since coming home from the hospital. Her son John's visit was better than medicine.

Miss Ruth Becker is a candidate for Queen of the Cavalcade at the fair at Canby.

Anyone in the community who wishes to take part in the Centennial Celebration Pageant in Milwaukie, September 14, 15 and 16th, please call Margaret Evans, SUnset 7782.
